FINISH

DuRa Finish™ Ultra Matte looks natural and harmonizes with wood's natural texture, while offering superior protection. CRAFT floors are regularly tested by Underwriters Laboratories for VOC emissions and consistently achieve the highest rating of GREENGUARD Gold, demonstrating an ultra-low level of emissions and ensuring a healthy living environment with excellent indoor air quality.

As an option, DuRa Finish™ Ultra Matte can be upgraded to DuRa Finish™ Commercial. This is a great solution for flooring used in a commercial setting where it will receive more foot traffic than in a regular residential application, and where increased abrasion resistance is required.
