

Ceiling & Wall

CREATE BEAUTIFUL SPACES WITH MATCHING CEILING & WALL CLADDING

Designed to coordinate seamlessly with our flooring collections, the Made to Order Ceiling & Wall program extends the visual richness of authentic wood to vertical and overhead surfaces. Available in all standard colours across CRAFT and UrbanWood, with full colour customization available.

STANDARD SPECIFICATION

SIZE

6.5" wide x 10' nominal full lengths (165mm x 3000mm)
12mm thick with a 1.2mm veneer

SPECIES

Elite-grade European oak veneers with little to no knots, checks, or visible defects.

CORE

Certified sustainable Eucalyptus plywood with a Poplar backer.

COLOUR

Any standard CRAFT or UrbanWood colour.

FINISH/GLOSS LEVEL

DuRa Finish™ Ultra Matte looks natural and harmonizes beautifully with the wood's organic texture, while offering superior protection. Low-gloss finish with a refined 6–8% sheen.

TEXTURE & COLOUR VARIATION

Flat, lightly wire-brushed surface highlighting natural grain with low colour variation.

EDGE & REVEAL OPTIONS

Standard micro-bevel edge. Nickel gap and alternative reveal options available.

Provence White Oak | Ceiling & Wall Application
