

BRIGHTON

MODERN, URBAN-NATURAL WIDEPLANK WHITE OAK

HANDMADE WHITE OAK FLOORS IN WHITE AND NATURAL WOOD-TONES

A Brighton floor will highlight an array of light beige, grey and natural wood tones, making it a perfect choice for bright, modern designs. The beauty of Brighton comes about by selecting CRAFT Premium Grade White Oak planks that exhibit a combination of heartwood and sapwood, and then employing a series of specialized colour treatments that include blanding and glazing. For designs that seek to capture ambient light and emphasize organic elements, Brighton is the natural choice.

COLLECTION

Contempa

VENEER / ORIGIN / HARDNESS

White Oak - North American - Janka Rating 1360
All Oak is third-party verified by the Programme for the Endorsement of Forest Certification (PEFC) to be from legal and responsible sources

CORE / ORIGIN / STRENGTH RATING (FB)

Canadian Spruce - Canada - Fb 875
All structural components are made from Canadian Spruce that is third-party certified by the Programme for the Endorsement of Forest Certification (PEFC) to be legal, responsible and sustainable

CREDITS IN GREEN BUILDING RATING SYSTEMS

The values of CRAFT align well with the principles of sustainable building. All CRAFT floors have third-party certifications that contribute to the earning of points in LEED and several other green building rating systems

GREEN MANUFACTURING

All CRAFT floors are manufactured in a state-of-the-art wood flooring manufacturing facility that is fully owned and managed by Creative At Home Enterprises Inc. The facility runs on green, renewable energy, is TRUE Zero-Waste Certified, and is designed to provide a healthy, VOC-free working environment for its employees. The facility is ISO 9001 (Quality Management) and ISO 14001 (Environmental Management) certified

WIDTH / CONSTRUCTION

8" Width - 5/8" Thick
DACS III Construction: (3mm surface wear layer + 12mm DACS III Core)
Made from high quality, solid sawn structural grade Canadian Spruce components in a 2-Layer format

LENGTHS / BOX SIZES

Standard Box: Random 1' to 8' lengths, with the majority of boards being longer lengths 42 sqft per box; 65 lbs (approx.)

LongCRAFT Box: 8 pcs x 10' lengths. Order the quantity that best suits the project; LongCRAFT planks will blend perfectly with standard length boxes. 52.5 sqft per box; 81 lbs (approx.)

INSTALLATION

Suitable for installation above, on or below grade. Approved for installation over Radiant Floor Heating systems

WARRANTY

COLOUR VARIATION

Low colour variation

WOOD GRADE

CRAFT Premium Grade: Specially selected to limit excessive colour variation and establish the optimal balance between the wood's natural characteristics and clear surfaces

WOOD PATTERN / GRAIN

The White Oak planks selected for our Brighton floors will be 75-80% heartwood / 20-25% sapwood. This heartwood/sapwood variation creates the subtle pattern that make a Brighton floor so beautiful

TEXTURE / BEVEL

Refined techniques including wire-brushed texturing make the grain of a real wood floor come alive. Planks are moulded with a 0.7mm radius micro-bevel

WOOD FILLER

All wood floors require some amount of wood filling to compensate for surface imperfections. CRAFT's Artisan Team has created wood filler specifically for Brighton that is designed to harmonize beautifully with Brighton's natural tones

GLUE

Highest quality, formaldehyde-free adhesive used to glue all components; CARB2 Compliant

FINISH

DuRa Finish™ Ultra Matte looks natural and harmonizes with wood's natural texture, while offering superior protection. CRAFT floors are regularly tested by Underwriters Laboratories for VOC emissions and consistently achieve the highest rating of GREENGUARD Gold, demonstrating an ultra-low level of emissions and ensuring a healthy living environment with excellent indoor air quality

As an option, DuRa Finish™ Ultra Matte can be upgraded to DuRa Finish™ Commercial. This is a great solution for flooring used in a commercial setting where it will receive more foot traffic than in a regular residential application, and where increased abrasion resistance is required

GLOSS LEVEL

Matte finish with a gloss level of 6-8%

HERRINGBONE / CHEVRON

Available in Herringbone and Chevron patterns

ACCESSORIES

Stair Nosings and Vents are readily available and use the same wood, surface treatment and finish as that of the wood floor to achieve the utmost in design unity and coordination. T-Moulds and Reducers are available by custom order
